## Personal Profile

A resourceful and highly experienced teacher with over 10 years of demonstrated success in teaching. Passionate about educational development and self-empowerment, I believe every learner has unique potential for academic excellence. In addition to my teaching expertise, I possess strong skills in web development and educational technology solutions, creating digital tools that enhance learning and improve the teaching experience.

## Education

Diploma in Secondary Teacher Education, International Teacher Training College, 2021

Introduction to Web Development, Coursera, 2020

Kenya Certificate of Secondary Education, St. Hillurius Secondary School, 2011

Kenya Certificate of Primary Education, Baraka Primary School, 2006

## Key Skills and Competencies

- Web development skills: HTML, CSS, JavaScript, Python
- Developed web-based applications to enhance learning and teacher workflows
- Innovative teaching techniques and ICT integration in education
- Leadership in curriculum development and co-curricular programs
- Excellent communication skills and diplomacy in behavioral management
- Proficient in research, evaluation, and implementing new technologies in education

## Work Experience
